

PACIFIC BIOCONTROL CORPORATION

SAFETY DATA SHEET (SDS)

Prepared: June 15, 2015

1. Identification of Product and Company

Product Name:

ISOMATE® PTB TT

EPA Registration No.:

53575-38

Product Uses:

For Agricultural Use:

These hand-applied products emit the pheromone of the peachtwig borer (PTB) to disrupt its mating and are applied in stone fruit and nut tree orchards where PTB is a pest.

Supplier of the SDS:

Pacific Biocontrol Corporation
14615 NE 13th Court, Suite A
Vancouver, Washington 98685 U.S.A.
Phone: 360-571-2247
Fax: 360-571-2248
www.pacificbiocontrol.com

Emergency Telephone Numbers:

Medical: Call Doctor or
Poison Control Center: 800-222-1222
Additional Information: 800-999-8805

Manufacturer:

Shin-Etsu Chemical Co., Ltd.

2. Hazard(s) Identification

Classification of the substance or mixture:

Hazard Classification:

Irritant (skin and eye)

EPA Signal Word:

Caution (reference section 15)

Hazard Statements:

None

Pictogram:

Precautionary Statements:

(Reference section 15)

Avoid contact with skin, eyes or clothing. Harmful if absorbed through skin. Causes moderate eye irritation. After handling, wash thoroughly with soap and water before eating, drinking, chewing gum, using tobacco or using toilet. Remove and wash contaminated clothing before reuse.

3. Composition/Information on Ingredients

PTB Pheromone Components*	CAS NO.	EINECS NO.
(E)-5-Decenyl acetate	38421-90-8	253-923-8
(E)-5-Decen-1-ol	56578-18-8	260-267-6

*Components are members of the well-characterized group of SCLPs (i.e. Straight Chain Lepidopteran Pheromones).

Trade Secret (TS) Some items on this SDS may be designated as trade secrets. Bonafide requests for disclosure of trade secret information to medical personnel must be made in accordance with the provisions contained in 29 CFR 1910.1200(i)1-13.

ISOMATE® is a registered Trademark of Pacific Biocontrol Corporation.

PACIFIC BIOCONTROL CORPORATION

SAFETY DATA SHEET (SDS)

Prepared: June 15, 2015

Product Name:

ISOMATE PTB TT

4. First-Aid Measures

First Aid:

Doctor or Poison Control Center:

Have the product container or label with you when contacting a poison control center or doctor or going for treatment.

If on Skin or Clothing:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Contact a poison control center or doctor for treatment advice.

If in Eyes:

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Contact a poison control center or doctor for treatment advice.

5. Fire-Fighting Measures

Flammable Properties:

Flash Point:

Not established for pheromone dispenser. Flash point is 107°C for PTB Pheromone Blend.

Protection against Explosions and Fires:

Keep away from ignition sources, heat, sparks and open flame.

Extinguishing Media:

Carbon dioxide (CO₂), extinguishing powder or water spray/fog. Fight larger fires with water spray/fog or alcohol-resistant foam.

Protection for Firefighters:

Use standard fire fighting procedures. Collect contaminated fire fighting water separately as it must not enter drains.

6. Accidental Release Measures

Personal Precautions:

Reference sections 7 and 8.

Environmental Precautions:

For terrestrial uses: Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of this product. Do not contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. Do not dispose of new or unused dispensers in or near streams or bodies of water.

Methods for Containment and Cleaning Up:

Due to the small amount of chemicals in the product, even if the container or dispenser is damaged or broken, a spill of the chemical is highly unlikely.

Do not dispose of new or unused dispensers in or near streams or bodies of water. Wastes resulting from this product, disposal of empty dispensers or disposal of unused, unwanted product may be disposed of on site or at an approved waste disposal facility or in accordance with local regulations. Dispose of empty foil packet in the trash or in accordance with local regulations. For information in case of a spill and for clean up of spills, contact the manufacturer or the local regulatory agency.

PACIFIC BIOCONTROL CORPORATION

SAFETY DATA SHEET (SDS)

Prepared: June 15, 2015

Product Name:

ISOMATE PTB TT

7. Handling and Storage

Precautions for Safe Handling:

Do not open foil envelopes until ready to use. When handling dispensers wear resistant gloves and eye protection. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Conditions for Safe Storage:

Do not contaminate water, food or feed by storage or disposal. Store unopened package in a dry location at temperatures below 40°F or 4°C. To prevent contamination with food or feed, store only unopened product packages in cold storage facilities that are used for food or feed.

8. Exposure Controls/Personal Protection

Exposure Guidelines:

Do not contaminate water, food or feed by storage or disposal. Reference sections 6 and 7.

Engineering Controls:

None

Personal Protection Measures:

When handling dispensers wear gloves and eye protection. Protective gloves should be impermeable and resistant to the product (suggested material: nitrile or neoprene). Wear eye protection, such as safety glasses or goggles. May also want to wear long sleeved shirt, long pants, shoes and socks.

Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal protection provided is based upon normal uses and conditions.

9. Physical and Chemical Properties

Properties	PTB Pheromone Components*
Physical State	White or light yellow slurry liquid
Odor	Mild waxy and sweet
pH	5.0-7.0
Melting point	22-30°C
Boiling Point	80-125°C/0.2KPa
Flash Point	107°C
Vapor Pressure	0.6Pa (25°C)
Specific Gravity	0.862-0.866 (20°C)
Solubility(ies)	Soluble in common organic solvents except ethylene glycol
Viscosity	4.2mm ² /s (30°C)

*Components are members of the well-characterized group of SCLPs.

PACIFIC BIOCONTROL CORPORATION

SAFETY DATA SHEET (SDS)

Prepared: June 15, 2015

Product Name:

ISOMATE PTB TT

10. Stability and Reactivity

Chemical Stability:

Product is stable under normal conditions and if stored as recommended under section 7.

Conditions/Materials to Avoid:

Avoid contact with strong oxidizing agents, ignition sources, excessive heat, sparks or open flame.

Hazardous Decomposition:

Carbon monoxide and carbon dioxide, but no decomposition if used as recommended .

Hazardous Reactions:

None known

11. Toxicological Information

PTB Pheromone Components are members of the well-characterized group of SCLPs, a class of pheromones with no expected risks to human health. (Toxicology data are not required for this type of product as a SCLP under U.S. EPA 40 CFR 158.2050(a)(2), respectively.)

Acute Toxicity:

Oral LD50 >2000mg/kg

Dermal LD50 >2000mg/kg

Inhalation LC50 >5.50mg/l

Primary Irritant Effect:

On the Skin: Slight to moderate

In the Eye: Slight to moderate

Sensitization: Not considered skin sensitizer

KEEP OUT OF REACH OF CHILDREN. Avoid contact with skin and eyes. Can cause skin and eye irritation.

12. Ecological Information

PTB Pheromone Components are members of the well-characterized group of SCLPs, a class of pheromones with no expected risks to human health or non-target organisms. (Non-target toxicology data are not required for this type of product as a SCLP under U.S. EPA 40 CFR 158.2060(a)(2), respectively.)

EPA's Lepidopteran Pheromones Fact Sheet, September 2001

“Adverse effects on non target organisms (mammals, birds, and aquatic organisms) are not expected because these pheromones are released in very small amounts to the environment and act on a select group of insects.”

For terrestrial uses: Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of this product. Do not contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. Do not dispose of new or unused dispensers in or near streams or bodies of water.

13. Disposal Considerations

Product:

Recommendation:

Do not dispose of new or unused dispensers in or near streams or bodies of water. Wastes resulting from this product, disposal of empty dispensers or disposal of unused, unwanted product may be disposed of on site or at an approved waste disposal facility or in accordance with local regulations

Unclean Packaging:

Recommendation:

Dispose of empty foil packet in the trash or in accordance with local regulations.

14. Transport Information

Transportation:

Description:

Plastic hand-applied pheromone dispenser.

Hazard Class:

Not applicable – Not classified as dangerous.

Freight Class:

CLASS 60

Identification Numbers:

NMFC# S155050-12

Packing Group:

Not applicable.

Flash Point:

Not established for pheromone dispenser. Flash point is 107°C for PTB Pheromone Blend.

15. Regulatory Information

U.S. EPA

This chemical is a pesticide product registered by the U.S. EPA and is subject to certain labeling requirements under Federal pesticide law. These requirements differ from the classification criteria and hazard information required for SDSs, and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is below. The pesticide label also includes other important information, including the Directions for Use.

KEEP OUT OF REACH OF CHILDREN

CAUTION

Avoid contact with skin, eyes or clothing. Harmful if absorbed through skin. Causes moderate eye irritation. After handling, wash thoroughly with soap and water before eating, drinking, chewing gum, using tobacco or using toilet. Remove and wash contaminated clothing before reuse. Wear chemical resistant gloves and protective eyewear.

This product is registered with the U.S. EPA under EPA Registration Numbers 53575-38. Product is categorized under U.S. EPA Toxicity Health Hazard Category III – CAUTION.

16. Other Information

FOR AGRICULTURAL USE ONLY

Pacific Biocontrol Corporation is unaware of any local, state or federal regulations which define the active ingredient as hazardous. As of the preparation date, this product did not contain a chemical or chemicals subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

This SDS is offered solely for your information, consideration and investigation. The data described in this SDS consist of data on literature, our acquisition data and analogical inference by data of similar chemical substances or products. Pacific Biocontrol provides no warranties, either express or implied, and assumes no responsibility for the accuracy or completeness of the data contained herein. Final determination of suitability of any material is the sole responsibility of the user.
