

AGVIVETM **SP**
7-0-0+4Fe

AGVIVE SP is an innovative fertilizer in a concentrated powder formulation. AGVIVE SP is derived from 100% vegetal protein and formulated with chelated EDDHA Iron. The amino acids and peptides in AGVIVE SP have shown to positively affect plant growth and quality.

USE and DOSE INFORMATION:

AGVIVE SP is a soluble powder ideal for fertigation or custom blending. AGVIVE SP is miscible with most common pesticide products and fertilizers. Before using, we recommend jar testing. Doses and methods of application are to be determined according to the requirements and nutritional status of the plant. Under standard conditions:

Field Crops and Vegetables: Apply 10 to 20 oz. per acre and repeat 1-2 times throughout the growing season

Orchards and Viticulture: Apply 12 to 24 oz. per acre and repeat 1-2 times during fruit development.

Turf Grass: Apply 10 to 20 oz. per acre and repeat 2-3 times throughout the growing season

WARNING:

Over application of this product or use in a manner inconsistent with local agricultural authority recommendations may result in serious crop injury. Contact your local county agent or field consultant for specific information.
