PRODUCT INFORMATION

ASCENDER™ HC is a superior blend of highly refined paraffinic oil and non-ionic surfactants. The product is designed for use with a broad range of pesticides where an oil concentrate adjuvant is recommended. *ASCENDER HC* combines crop oil and surfactant characteristics to improve wetting, spreading and penetrating properties while also reducing evaporation time to allow the active ingredient a better opportunity to perform its intended function.

DIRECTIONS FOR USE

To prepare for pesticide application, fill spray tank one-half full with water and begin agitation. Add pesticide or fertilizer as recommended and then add *ASCENDER HC*, while continuing agitation. Continue to agitate, until tank is full and agitate before and during each application.

NOTE: The effect of any adjuvant on a chemicals performance is not predictable under all conditions of weather, plant vigor, application methods and even water types. The user should consult his local agricultural extension agent or make his own tests to determine the optimum level of *ASCENDER HC* for special pesticide spray and crop.

SUGGESTED USE RATES

Ground, Aerial, Low volume, CDA:

Use 2-4 pints per 100 gallons water or 0.25-0.50% v/v concentration.

Always follow pesticide label recommendations. Care should be taken in treating sensitive crops during drought stress, high temperatures and high humidity.

STORAGE AND DISPOSAL

STORAGE

For optimum storage stability, store at temperatures between 40 °F (5 °C) and 90 °F (32 °C).

DISPOSAL

Triple rinse. Then offer container for recycling or reconditioning, or puncture and dispose of in a sanitary landfill. If incineration is allowed, stay out of smoke.

Material must be disposed of according to all local state and federal laws.

WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
