BioMate™ contains live microorganisms. Content of live organisms can change subject to storage time and conditions.

MIXING INSTRUCTIONS:

- Can be tank mixed with biologicals, fertilizers, micronutrient packages, and herbicides. If compatibility questions arise, it is best to perform a jar test.

STORAGE: Store product in location 45°F or above. Shelf life is for a period of two (2) years. BioMate contains live microorganisms. Content of live microorganisms can change subject to storage time and conditions.

CAUTION: Excessive use of sugars can stunt or abort development of seed and/or plant growth. Always consult with Biovante™ and its representatives before applying more than the recommended rate.

RATIOS OF APPLICATION:

- **Preplant:** 6 oz. per acre with herbicide
- **In-Furrow:** 4 oz. per acre
- **Foliar:** 4 oz. per acre
- **Side-Dress w/UAN:** 6 oz. per acre
