

# BONEYARD

## Win™ LIQUID AMS/ DRIFT/ DEFOAMER

**GENERAL INFORMATION:** BoneYard Win is a liquid adjuvant premix of Ammonium Sulfate water conditioner, drift reduction, acidifier, and defoamer. BoneYard Win is designed to be more convenient and effective than dry AMS. BoneYard Win is formulated to greatly increase weed kill in herbicide tank mixes such as glyphosate in times of environmental stress. It prevents antagonism from hard water ions and helps retention of spray solution on leaf surface. BoneYard Win is a replacement for dry Ammonium Sulfate (AMS).

### DIRECTIONS FOR USE:

Consult your certified crop consultant for recommendations. BoneYard Win should be used in herbicide tank mixes at rates of 1-4 quarts per 100 gallons of water. After water hardness has been determined, use the following recommended rates. Scale of pH or Water hardness parts per million (ppm) and presence of Calcium, Iron, or Magnesium:

- <math>pH\ 5.5\ or\ < 120ppm\ use\ 1\ quart\ per\ 100\ gallons\ of\ Water\ or\ 0.25\%\ by\ Volume</math>
- $pH\ 6.5\ or\ 210ppm\ use\ 1.5\ quarts\ per\ 100\ gallons\ of\ Water\ or\ 0.375\%\ by\ Volume$
- $pH\ 7.5\ or\ 300ppm\ use\ 2\ quarts\ per\ 100\ gallons\ of\ Water\ or\ 0.50\%\ by\ Volume$
- $pH\ 8.5\ or\ 390ppm\ use\ 3\ quarts\ per\ 100\ gallons\ of\ Water\ or\ 0.75\%\ by\ Volume$
- $>pH\ 8.5\ or\ > 480ppm\ use\ 4\ quarts\ per\ 100\ gallons\ of\ Water\ or\ 1.00\%\ by\ Volume$

### CONTAINS

#### Principle Functioning Agents:

Alkyl Polyglycosides, Acrylic Acid, and Sodium Polyacrylate.....73.5%

#### INERT INGREDIENTS:

Inert ingredients.....26.5%

Total.....100%

All ingredients are approved for use under 40 CFR 180
