

NOTES AND WARNINGS

This product has not been registered by the U.S. Environmental Protection Agency (EPA). This product qualifies for 25(b) exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). All ingredients are exempt from tolerance requirements under 40 CFR 180. It is intended for use only on plants. Not for aquatic use.

Storage and Disposal

Store in a well-ventilated place. Keep container tightly closed. Store at room temperature. Dispose of contents and/or their container according to the separated collection system used in your municipality.

Conditions of Sale and Warranty

It is shown that the product, stored and used in accordance with our instructions, perfectly fulfills its mission. However, since its application is out of our control, our company does not accept any responsibility concerning any damage resulting from its bad use and/or storage. The company guarantees the considered quality of the product. Follow the recommendations indicated in the safety data sheet.

Warning

Hazard Statements

Causes serious eye irritation. Causes skin irritation. May cause an allergic skin reaction. Contains: Cinnamon oil

Precautionary Statements

Avoid breathing dust/fume/gas/mist/vapours/spray. Wash thoroughly after use. Wear protective gloves and protective clothing. Wear eye protection or face protection.

First Aid

If medical advice is needed, have product container or label at hand. **IF ON SKIN:** Wash with plenty of soap and water. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **IF INHALED:** This product is not classified as hazardous through inhalation, however, it is recommended in case of intoxication symptoms to remove the person affected from the area of exposure, provide clean air and keep at rest. Request medical attention if symptoms persist. **IF SWALLOWED:** Do not induce vomiting, but if it does happen keep the head down to avoid aspiration. Keep the person affected at rest. Rinse out the mouth and throat, as they may have been affected during ingestion.

Net Contents: 2.5 gal (9.5 L)

WARNING

COMPOSITION

Active Ingredients:

Cinnamon Oil10.0%
Other Ingredients*90.0%
Total100%
*Sunflower oil, Castor oil

PRODUCT INFORMATION

Cinnaction® has a direct effect against these listed targets because of its mode of action (suffocation and cell membrane disruption). Due to its high content in specific active ingredients.

DIRECTIONS FOR USE AND APPLICATION

Cinnaction® can be used at any time during growing season. Foliar applications for pests, bacteria and fungus control are recommended.

Repeat applications at every 5-7 days as necessary if pressure conditions remain to maintain desired level of control.

To maximize efficacy, ensure a good and homogenous coverage of all treated areas.

Crops

Cinnaction® can be used in all crops: fruits, vegetables, ornamentals, and garden plants. It can be applied for both indoor (greenhouses included) and outdoor.

TARGET	DOSE
Mite, red mite, white fly, powdery mildew, <i>Pseudomonas</i> spp.	Foliar application: 32 - 64 fl. oz./100 gallons of water
