HAZARD STATEMENTS

Causes skin irritation and eye damage.

PRECAUTIONARY STATEMENTS

Wash thoroughly after handling. Do not eat, drink or smoke when using this product.
Wear protective gloves, eye protection and face protection.

FIRST AID

IF SWALLOWED: Call a POISON CONTROL CENTER or doctor/physician if you feel unwell. Rinse mouth.

IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs, get medical advice/attention.

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation occurs, get medical advice/attention.

Net Contents: 2.5 gallons

PRECAUTIONARY STATEMENTS

WARNING: Causes skin irritation and eye damage. Read and follow all precautionary statements on the accompanying label(s).

FIRST AID

IF SWALLOWED: Call a POISON CONTROL CENTER or doctor/physician if you feel unwell. Rinse mouth.

IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs, get medical advice/attention.

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation occurs, get medical advice/attention.

USE PRECAUTIONS

Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, eye protection and face protection.

STORAGE AND DISPOSAL

STORAGE: Keep this container tightly closed. Store above 10 °F. Store in original container. Do not store in aluminum, copper, zinc, or mild steel containers. Do not allow water or other chemicals to be introduced into contents of container. Do not contaminate water sources with equipment washwater, spray disposal wastes or by cleaning of equipment. Do not store near feed or food products.

DISPOSAL: Dispose of contents and container in accordance with federal, state, and local regulations.

GENERAL INFORMATION

Herbicides that are weak acids, such as glyphosate, glufosinate, dicamba, 2,4-D, and paraquat, perform better when the spray mix is at a lower pH. CORNBELT® SPRAY pHIX™ is a strong acidifying agent which will lower the pH of the spray mix.

The half-life of many fungicides and insecticides can be greatly diminished in a spray mix with a pH of 7 or higher. Fungicides and insecticides have a longer half-life in a spray mix with a pH of 6. In most spray mixes, 1 pint of CORNBELT® SPRAY pHIX™ per 100 gallon of spray mix will put the pH of the spray mix at or near the ideal pH of 6.

CORNBELT® SPRAY pHIX™ contains a silicone antifoam to minimize the formation of foam in the spray tank and is APE and NPE free.

DIRECTIONS FOR USE

CORNBELT® SPRAY pHIX™ is intended for use with products registered for agricultural, horticultural, turf, ornamental, industrial, and non-crop uses.

WARNING: Read and follow all pesticide label directions. Do not use where the pesticide label specifically prohibits the use of an adjuvant. If the pesticide label neither recommends nor prohibits an adjuvant, the applicator must have previous experience with the adjuvant/pesticide spray mixture or should apply a small test area before making large scale applications. The addition of an adjuvant to spray mixtures may cause phytotoxicity to susceptible crop and vegetation. Care should be exercised when using on new varieties of crops not previously treated with CORNBELT® SPRAY pHIX™.

USE RATE: In most cases, add CORNBELT® SPRAY pHIX™ at 1 pint per 100 gallon of water. If CORNBELT® SPRAY pHIX™ is being used in conjunction with another adjuvant containing acidifying properties, such as CORNBELT® PANOPTIX™, add CORNBELT® SPRAY pHIX™ at 8 ounces per 100 gallon of water.

MIXING: Add CORNBELT® SPRAY pHIX™ as the first component of the spray tank mixture.

CONDITIONS OF SALE AND WARRANTY

The directions for use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result beyond the control of Van Diest Supply Company or the Seller. All such risks shall be assumed by the Buyer. Van Diest Supply Company warrants that this product conforms to the chemical description on the label and is a reasonable fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. VAN DIEST SUPPLY COMPANY MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. IN NO CASE SHALL VAN DIEST SUPPLY COMPANY OR THE SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. Van Diest Supply Company and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of Van Diest Supply Company.

CORNBELT® and CORNBELT Logo® are Registered Trademarks of Van Diest Supply Company. SPRAY pHIX™ is a trademark™ of Van Diest Supply Company.
