(If you do not understand the label, find someone to explain it to you in detail.)

PRECAUTIONARY STATEMENTS

Avoid breathing spray mist. Harmful if swallowed, inhaled or absorbed through skin. May cause irritation of skin and eyes. Avoid contact with eyes. See Storage and Disposal sections for additional cautions.

GENERAL INFORMATION:

Gravity® L KELP PLUS is a 100% flowable for use in fertigation systems and spray equipment. Use as a liquid foliar application on all types of ornamentals, trees, turf, and other plants. Agitation is required. Additional applications should be made immediately prior to or following stress periods such as chill or drought.

DIRECTIONS FOR USE:

**READ ENTIRE LABEL BEFORE USING
SHAKE WELL**

When mixing **GRAVITY® L KELP PLUS** with another product, always conduct a jar test and test on a small area to ensure compatibility.

FOLIAR APPLICATION: Fill half the spray tank with water and start agitation, add product then fill remainder of the tank with desired solutions. Best applied during temperatures below 85 degrees F.

Net Contents: 2.5 gals (9.6 liters)
Net Weight: 22 lbs (9.98 kg)
8.75 lbs/gal 228.57 gals/ton
1/0928/7

IRRIGATION/FERTIGATION: Can be applied through standard irrigation equipment. Water to product ratio up to 200:1 or more is acceptable.

TURF APPLICATION: Apply 1.0 gallon per acre every 4-6 weeks. Use at least 20 gal of carrier water per 1 gal of product.

For Turfgrass Applications: Apply only to actively growing turf. Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn/garden. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices. Check with your county or city government to determine if there are local regulations for fertilizer use.

SOIL APPLICATION: Dilute one-part product with at least 5 parts water before adding to spray tank.

ROOTING and TRANSPLANT: Add 15-20 ounces of product to 20 gallons of water and apply.

TOP DRESSING/SEEDING: Mix 0.25 gallons to a minimum of 50 gallons of water and apply to soil before or after seeding.

WATERING: Mix 0.5 gallons with a minimum of 100 gallons of water and water regularly.

WHEN MIXING WITH OTHER PRODUCTS, ALWAYS CONDUCT A JAR TEST AND TEST ON A SMALL AREA TO ENSURE COMPATIBILITY.

Note: for application rates suitable for your geographical area or the maximum allowed non-nutrient application rates per acre, consult a trained soil specialist (local horticulturalist) or contact the manufacturer or distributor.

FIRST AID

May cause eye or skin irritation (particularly in sensitive persons). May be harmful if swallowed. Product users should wash thoroughly after using or handling this product. In case of eye contact, flush eyes with running water for at least 15 minutes. In case of skin contact, wash from skin with soap and water. In case of ingestion, induce vomiting only when victim is conscious. Call a physician.

STORAGE AND CONTAINER DISPOSAL

Store between 41 and 77 degrees F, do not expose to direct sunlight for long periods of time. **AVOID FREEZING!** – Do not contaminate potable water, ponds, food or feed by storage or disposal. Store in a dry place. Protect containers from damage. Keep containers closed when not in use. Keep containers closed when not in use. Do not store where children or animals may gain access. Completely empty containers into application equipment. Then dispose of empty container according to state and local regulations.
