PRODUCT INFORMATION: HCU 44-0-0 is a concentrated soluble granule fertilizer for dry broadcast or foliar spray applications for Turf, Nursery or Agriculture.

DIRECTIONS FOR USE: HCU 44-0-0 can be applied to all cool and warm season turfs including golf courses, sports fields, commercial and residential lawns, sod farms, landscape ornamentals, nursery stock, row crops and specialty crops including fruits, nuts, vegetables, trees, shrubs, vines and flowers. Application rates and frequency are dependent upon soil and climate conditions present. See chart below for application rates and dilution rates.

SPRAY APPLICATION:

HCU granules completely solubilize when added to water and can be spray applied at nitrogen rates of 0.10 - 1.00 lb N/1,000 ft². HCU can be mixed and added to the spray tank using industry standard practices including:

- pouring into the strainer basket at the top tank opening and running water over the granules to solubilize;
- preparing a bucket slurry mixture;
- adding granules through the spray tank inductor system; or
- prepare a solution in a mix batch tank system.

Using warm or hot water will reduce the time required to solubilize HCU. Fill the spray tank with at least half the desired water volume, engage the agitation and begin adding the HCU granules or solution using one of the methods described previously. Continue agitation until thoroughly mixed.

Use caution when applying more than 0.25 lb N/1,000 ft². The suggested water rates in the preceding table are minimum water rates. A greater volume may be required to meet specific site needs.

Compatibility with other chemicals: Check our website for a current list of compatible control products and nutrients. You can also perform a compatibility check by:

- Mixing each product in a clear container in the same proportion to be used in the field
- Agitating for at least 60 seconds
- Visually observing for precipitate

DRY BROADCAST APPLICATION:

Apply to dry turf and irrigate thoroughly if applying at the 1.25 and 1.50 lb N/1,000 ft² rates.
