

PROFESSIONAL SERIES FERTILIZERS

Heavy Humic Acid Express Pro 10% Activated Organic Acids

Guaranteed Analysis:

Organic Acids..... 10.0%

Derived from: (Lenerdite Ore)

This product is produced using a proprietary extraction method for high natural ingredients

CAUTION: KEEP OUT OF REACH OF CHILDREN

Always read label before using. Protect from freezing

Information regarding the contents and levels of heavy metals in this product is available on the internet at: <http://www.aapfco.org/metals.htm>

CAUTION: Do not eat, drink, or smoke while using this product. Wear protective gloves and clothing and eye and face protection. Wash hands thoroughly with soap and water after handling this product.

GENERAL INFORMATION: This blend contains a unique blend of Organic acids. This formulation is designed for root applications such as fertigation, and root injections. It is also designed to work in all soil types and conditions. Apply it as a band in the soil or inject it through drip or micro sprinkler systems. Application rates will vary depending on the crop.

APPLICATION PRECAUTIONS: Always check compatibility with other products prior to mixing together. It is recommended that soil and or tissue samples be analyzed to determine nutrient levels prior to use.

DIRECTIONS FOR USE: Humic Acid Express Pro 10% is a highly effective formulation designed to penetrate soil and plant tissue. Specific rate recommendations should be made based on the crops carbon demand or tissue analysis. This proprietary formulation is to be applied by soil applications on Horticulture crops, Vegetables, Fruit trees, and Smal fruits!

Soil Applications: Apply 4 - 6L per Ha in a minimum 400L of water per Ha.(3.5-5.28 pints in a minimum of 44 gallons of water per acre)
Repeat applications as needed. Humic acid 12% should be well mixed with water before application. Conduct a jar test for tank mixing with other products.

FIRST AID: If on skin: remove contaminated clothing. Wash skin thoroughly with soap and water. Wash clothing before reuse. If in eyes: Flush with running water for at least 15 minutes while holding eyelids open. Get medical attention. Ingestion: Drink 1-2 glasses of water and induce vomiting. Never induce vomiting or give anything by mouth to an unconscious person. Call physician immediately. Inhalation: Remove to fresh air. If breathing is difficult, administer oxygen.

STORAGE: Store in a cool dry place. Keep containers sealed while in storage and protect from freezing. If product freezes, it is no longer safe to use.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Wastes may be disposed on site or approved waste facility. Always triple rinse jugs prior to disposal. For recycling options please visit clean farms Canada at www.cleanfarms.ca
