## GENERAL INFORMATION

**inSource MSO** is a precise blend of highly refined oils and a specifically formulated surfactant/emulsifier designed for use with many postemergence pesticides.

## DIRECTIONS FOR USE SHAKE WELL BEFORE USING

Use **inSource MSO** at 1.5-2.0 pints/acre with postemergence pesticides that suggest or require the use of COC/MSO. Some labels may suggest using **inSource MSO** at 1-1.5% v/v. Use higher rates if weed populations are dense or are stressed. Always follow the label of the specific pesticide for detailed adjuvant use directions.

Always add **inSource MSO** last to the spray mix and continue agitation, unless directed otherwise by the specific pesticide label. Always follow the label of the specific pesticide for detailed adjuvant use directions.

## NOTICE – READ CAREFULLY

**Condition of Sale** – Intec (and seller) offer(s) this product for sale subject to and buyer and all users are deemed to have accepted the following conditions of sale and warranty.

**Warranty Limitation** – Intec warrants that this product conforms to the chemical description on the label subject to the inherent risks referred to below. Intec makes no other express warranties, which extend beyond the description on the label hereof. **THERE IS NO WARRANTY OF MERCHANTABILITY** and there are no warranties, which extend beyond the description on the label hereof.

**Inherent Risks** – The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks associated with use. Buyer assumes all risks associated with use of this product contrary to label directions or resulting from extraordinary conditions.

**Limitation of Liability** – In no case shall Intec be liable for special, indirect or consequential damages resulting from the use or handling of this product and no claim of any kind shall be greater in amount than the purchase price of the product in respect of which damages may be claimed.
