ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. Use this product only as specified on label. **DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.**

PHYSICAL OR CHEMICAL HAZARDS

CONDITIONS OF SALE AND WARRANTY: 1. Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. Seller neither makes, nor authorizes any agent or representative to make any other warranty of FITNESS or of MERCHANTABILITY, guarantee or representation, express or implied concerning this material. 2. Critical and unforeseeable factors beyond the Seller control prevent it from eliminating all risks in connection with the use of this material. Such risks include, but are not limited to damage to plants and crops to which the material is applied, lack of complete control, and damage caused by drift to other plants or crops. Such risks occur even though the product is reasonably fit for the uses stated herein and even though label directions are followed. Buyer and user acknowledge and assume all risks and liability resulting from handling, storage, and use of this material (except those assumed in 1 above). Seller shall not be liable for incidental or consequential damages.

NET CONTENTS: _____ GALLONS Weight: 9 lbs./gallon Lot # _____ Manufactured for: AgraSyst, Inc. 16417 No. Napa Ln., Spokane, WA 99228 – Phone: 509/467-2167 – Patent Pending www.agrasyst.com

Wash PreLoad spillage off thoroughly. The same precautions should be observed in equipment stored after use. If PreLoad concentrate contacts clothing, flush thoroughly with water.

DIRECTIONS FOR USE

USE THIS PRODUCT ONLY AS SPECIFIED ON LABEL. PreLoad™ water conditioner should be added to the spray water with adequate agitation prior to the addition of the glyphosate herbicide. Fill the tank half full add PreLoad™ finish filling then add a glyphosate herbicide. This should give time for PreLoad™ to react with the hard water cations. **USE RATES:** Are dependent upon water. Soft water will need 0.128% v/v (1 pt/100 gals. spray solution), hard water use up to 0.5% (2 qts/100 gals. spray solution), extreme hard water use up to 1% v/v (4 qts/100 gals. spray solution). PreLoad™ water conditioner is intended to tie up cations and condition the spray water. PreLoad™ will work with other anionic herbicides. The concentration of PreLoad in the spray tank cannot exceed 10% of the total amount of formulated herbicides(s). Not for use with any other types of pesticides, such as insecticides or fungicides. Not for aquatic use. PreLoad provide 2lbs AMS at the 2qts/100 gal spray solution rate.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL STORAGE: Do not store at temperatures above 140°F. DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. CONTAINER DISPOSAL– Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org <http://www.acrecycle.org>. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.
