Derived from: grain by-products

### GENERAL INFORMATION

Premium WSP 3-1-2 is a liquid fertilizer designed for organic farming. It is formulated by using natural enzymes to breakdown plant protein into smaller, more soluble amino acids and peptides.

### DIRECTIONS FOR USE

Premium WSP 3-1-2 can be applied through irrigation systems at rates of 2 to 20 gallons per acre. Premium WSP 3-1-2 can also be foliar fed at rates of 1/2 to 2 gallons per acre in a minimum of 25 gallons per acre of water.

This product has been verified to comply with USDA national organic standards under 7 CFR part 205. 601(j), 7 CFR part 205.105 (a) and 205.105 (b). This product is intended for use according to an approved organic system plan.

Information regarding the contents and levels of metals in this product is available on the internet at: <http://www.aapfco.org/metals.html>

### Grain By-Products

#### WARNING
