#### FOR FOLIAR / SOIL APPLICATION

**Recommendation for Use:** Pro-Iron® 5 is recommended as a foliar or soil applied fertilizer for use on any food or fiber crop where the addition of one or more of the nutrients contained in Pro-Iron 5 would be beneficial. A number of variables influence the rate of application necessary to control or correct a specific deficiency. For best results, follow good agronomic practices, soil test and if necessary use tissue analysis.

**Foliar Application:** Use 1 - 2 quarts per acre prior to or immediately after deficiency symptoms occur to prevent or alleviate losses from nutrient deficiencies. Spray carrier (water) volumes of 10-20 gallons per acre (ground) or 5 gallons per acre (air) are recommended for best results. When deficiency symptoms are severe, a repeat application of 1-2 quarts/acre may be needed 2 or more weeks following the initial application.

**Soil Application:** Apply 1-2 quarts/acre as a starter fertilizer in a balanced fertility program.

#### FIRST AID

**If in Eyes:** Flush with clean running water for at least 15 minutes. If irritation persists, get medical attention. **If on Skin:** Remove contaminated clothing. Wash thoroughly with soap and water. If irritation persists, or if rash develops, get medical attention. **If Swallowed:** If conscious, drink 1 or 2 glasses of water. Get medical attention. Never induce vomiting or give anything by mouth to an unconscious person. **If Inhaled:** Remove to fresh air. If irritation persists, get medical attention.

#### STORAGE and DISPOSAL

**STORAGE:** Store product in dark fiberglass or plastic containers out of direct sunlight or UV light. Keep containers tightly closed when not in use. Store in a cool, dry well-ventilated area, preferably in a locked storage area away from children, feed and food products, and seed. **PROTECT FROM FREEZING.** Do not contaminate water, food, or feed by storage or disposal. **DISPOSAL:** Do not reuse container. Triple rinse (or equivalent) and add rinsate to spray tank, then offer for recycling at an ACRC site (go to <http://www.acrcycle.org/> for locations) or by reconditioning, or puncture and dispose of in a sanitary landfill or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. Do not contaminate water sources by runoff from cleaning of equipment, disposal of equipment wash waters or spray waste. **HANDLING:** Avoid breathing fertilizer mists. Avoid prolonged or repeated skin contact. Avoid eye contact. Wash hands thoroughly after handling this product.
