## Directions for Use

This product can be used for correction of Iron deficiencies in vegetable crops, field crops, greenhouse crops, vine crops, ornamental shrubs, flowers and trees. For best results apply Soileos<sup>®</sup> directly to the soil with the seed or blended/incorporated into soil or potting media. The product may be blended with NPK or other fertilizers. Excessive quantities or incorrect use of this product may cause damage to plants. Store Soileos<sup>®</sup> in a secured, cool, and dry location.

The recommended application rate of Soileos<sup>®</sup> is 10 lbs/acre (11.2 kg/ha) or as directed by a qualified professional.

## Caution

NOT CLASSIFIED AS HAZARDOUS (WHMIS 2015). This fertilizer contains iron sulfate and should be used only as recommended. It may prove harmful if misused. Keep out of reach of children and pets. Wash thoroughly after handling.

## Warranty and Conditions of Sale

Lucent BioSciences warrants that this product complies to the guaranteed analysis included and is suitable for use as directed. Since weather, crop, soil and other conditions may vary, Lucent BioSciences and/or the Seller make no warranty of any kind, expressed or implied, including any warranty of merchantability, concerning the use of this product. The user assumes all risks of use or handling, whether or not in accordance with the directions or suggestions.
