

Guaranteed Analysis CONTAINS NON-PLANT FOOD INGREDIENT:

Soil Amending Ingredient:	
0.50%	Phospholipase C (18,900 µU/Gal (5000 nU/mL
Inert Ingredients:	
99.50%	Aqueous based fermentation media

US Patents #9845342B2 and additional patents pending.

ZYPRO™ is a material designed to aid in the conversion of organic matter resulting in the release of soil nutrients that can increase soil microbe activity.

KEEP OUT OF REACH OF CHILDREN

According to Regulation 2012 OSHA Hazard Communication Standard; 29 CFR Part 1910.1200

The product does not require a hazard warning label in accordance with GHS criteria.

THIS PRODUCT EXPIRES 2 YEARS AFTER STAMPED MANUFACTURED DATE.

NET CONTENTS: ☐ 2.5 gallons (9.46 L)

SN 071318/0319HAE

☐ 265 gallons (1003.13 L)

WT. PER GALLON: 8.73 lbs. (3.96 kg)

Information regarding the contents and levels of metals in this product is available on the internet at http://www.aapfco.org/metals.html

FORMULATIO

PRECAUTIONARY STATEMENTS

BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS,
DIRECTIONS FOR USE, CONDITIONS OF SALE-LIMITED WARRANTY
AND LIMITATIONS OF LIABILITY AND REMEDIES.

Keep product locked up and out of the reach of children. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse. Do not take internally. Avoid contact with or inhalation of spray application mist if present. Do not apply this product in such a manner as to directly expose workers or other persons. If product is being mixed with pesticides and/or spray adjuvants, follow all precautionary statements on the accompanying product(s) labeling. Not for human or animal consumption. PERSONAL PROTECTIVE EQUIPMENT (PPE): Wear protective eyewear (goggles or face shield), chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks when using this product. Take off any contaminated clothing and wash before reuse.

FIRST AID	
IF IN EYES:	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	Call a POISON CENTER or doctor immediately. Rinse mouth. Do NOT induce vomiting. Do not give anything by mouth to an unconscious person. Immediately call a POISON CENTER or doctor.
IF INHALED:	Move person to fresh air and keep at rest in a position comfortable for breathing if they feel unwell. If not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-

	mouth if possible. • Call a POISON CENTER or doctor for treatment advice.
IF ON SKIN OR HAIR:	Take off immediately all contaminated clothing. Rinse skin with water or shower. Get medical attention if irritation develops or persists. Wash contaminated clothing before reuse.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-424-9300 for emergency medical treatment information.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store at temperatures between 33°F and 100°F. If product is stored below 32°F, thoroughly thaw before use. Limit exposure to high temperatures and sunlight for extended period.

PRODUCT STABILITY: Under the proper storage conditions the product should remain viable for two years from date of manufactured stamped date (2 season shelf life). Use before expiration date.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Completely empty container into application equipment. Then offer for recycling if available, or dispose of in a sanitary landfill, or by incineration, or by other procedures allowed by state and local authorities.

GENERAL INFORMATION

ZYPRO™ is a material containing an enzyme based non-plant food ingredient. ZYPRO™ acts as a catalyst for the conversion of organic matter that results in soil nutrient release and aids the native soil microbe activity. It is designed to be used through drip, flood or in-furrow applications injected with water and or fertilizer.

ZYPRO™ has optimal effects when applied early in plant development, improves general plant condition and is a valuable supplement to soil fertilizer programs, particularly where there are adverse conditions for the uptake of primary nutrients from the soil.

DIRECTIONS FOR USE

Recommended Rates: 8 fl. oz./acre for row crops (corn, cotton, cereals, peanuts, soybeans, pulse crops, sorghum, sugarbeets, sunflowers). 20 fl. oz./acre for all other crops. Product can be applied through irrigation, on the surface or through in furrow methods. Use a minimum of 2.5 gallons of water and/or fertilizer as the carrier per acre. For specialty crops planted from seed apply prior to or at seeding. For specialty crops grown from transplant, apply at transplantation. For perennial specialty crops, apply during times of vigorous growth in early season. For Trees, Nuts and Vines, apply up to twice per year during the growing season. One application prior to bloom and one application after harvest is optimal.

CROPS

For use in all crops including: vegetable crops, row crops, field crops, sod, pasture, trees and vines.

COMPATIBILITY

ZYPRO™ works optimally with fertilizers with a pH range of 5.0 to 9.0. **ZYPRO™** is non-phytotoxic and compatible with most commonly used infurrow treatments including insecticides, fungicides, micronutrients and biostimulants.

Compatibility tests are always recommended prior to preparing any mixture. DO NOT USE MIXTURES THAT PRECIPITATE, CURDLE OR GEL. USE TANK MIXTURES IMMEDIATELY AFTER MIXING.

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale–Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

This label is believed to be reliable and must be followed carefully. Injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Agri-Enterprises, LLC (the "Company") or seller. In addition, failure to

follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Agri-Enterprises, LLC's election, one of the following:

- 1. Refund of the purchase price paid by buyer or user for product bought, or
- 2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
